home+
housewares
show | 2017

OPCOM® is pleased to be part of the International Home+ Housewares Show exhibition at **Booth:L13041** in Chicago, Illinois March 18-21, 2017.

Visit **OPCOM®**'s booth which showcases our innovative Smart Life Solutions:

OPCOM® Farm: Advanced indoor gardening systems enable anyone to easily grow their favorite vegetables, herbs, sprouts and fruits inside their homes, year-round. **OPCOM® Farm's** soil-free, hydroponic growing technology is coupled with proprietary color LED lighting tuned for optimal plant growth. These next-generation indoor gardens enable 25% faster growth, and eliminate the challenges of weeding, pests and weather concerns of outdoor gardening. Now introducing a Smart-Control kit featuring a camera to create time-lapse videos and real-time streaming via an app to monitor your plants from seed to harvest.

We look forward to introducing you to our latest product developments and experience **OPCOM®**'s "Smart Life Solution".
